## Ike Cautious In Optimism About Upturn

**Unemployment Drop Not Considered Sure Sign of Recovery**

WASHINGTON (AP)—President Eisenhower said today the April decline in unemployment cannot be interpreted as meaning for sure that the nation is on the road to recovery from the recession.

But he said at his press conference today that he believes there is continuing evidence the business slump is flattening out.

At last week's press conference, the President said he believed that the business recession has been flattening out for some time.

Asked by a reporter today about the possibility of an antirecession tax cut, Eisenhower stuck to his previous position—that the situation must have more study and analysis before a decision on that.

The first question put to Eisenhower was whether he believes the 78,000 decline in unemployment for the month ended in mid-April means that an economic upturn is underway.

THE PRESIDENT replied he does not think there is justification for such a categorical statement. He noted that when the employment and joblessness figures are adjusted for seasonal factors, there still is a good bit of unemployment.

Eisenhower then went on to say that in his view we can't assert that we are now on the high-road to advance, or recovery from the recession.

In contrast to last week when his temper flared a couple of times, Eisenhower was in a mostly jovial mood today.

Eisenhower also said the policy of his administration is to have cleaner nuclear bombs.

Eisenhower declared that 40 percent of the efforts in forthcoming Pacific tests will be devoted to forward eliminating as much as possible of the fallout from smaller nuclear weapons.

The President made his observation about American policy in response to a request for comment on a recent statement by Sen. Anderson (D-NM) that the United States is making some of its bombs dirtier while it talks of producing clean weapons.

EISENHOWER said that so far as he knows no military officer ever suggested making bombs dirtier.

The whole policy, he said, is to have cleaner bombs, ones that do not deal out such wide-spread mass destruction.

## 4th Person Tied to Ill-Fated Rescue Try Dies Violently

PASADENA, Calif. (AP)—Just nine years ago one of the world's most heartbreaking rescue attempts failed to save the life of Kathy Fiscus, 2.

When the child's body at last was being hoisted from the 94-foot well into which she had fallen, rescue worker Bill Yancey spoke the final words of the grueling, 49-hour underground fight:

"Easy, men; keep it coming up gently."

Moments later Yancey emerged from the hole, the body of little Kathy in his arms.

Yancey died Tuesday, much in the same manner — underground, and barely a mile from the Fiscus tragedy. Three others associated with Kathy's accident have died violently.

Yancey, 47-year-old contractor, went into an eight-foot sewer ditch with the same disregard for danger that he displayed when he toiled two days below ground trying to save Kathy. A man had been sent for timbers to shore the ditch, but Yancey didn't wait.

"He said he'd be all right and jumped down," related coworker Ted Slade. "I started to move some equipment and when I looked around the earth had caved in and Bill was buried."

## Ex-Mental Patient Held in Slaying

XENIA (AP)—A former mental patient is being held in jail here on a first-degree murder charge in the bludgeoning of his 82-year-old father.

The murder charge was filed Tuesday against Elbert Shaw, 32, accused of killing his father, Edward D. Shaw. He apparently had been clubbed with a rifle and a two-pound sledge hammer, deputies said.

Greene County Sheriff Russell A. Bradley said the younger Shaw was released several weeks ago from the Veterans Administration Hospital at Chillicothe where he had been a mental patient.

## Unemployment Off Slightly; Pleas for Action Continuing

WASHINGTON (AP)—A spring increase in outdoor work has brought a slight drop in joblessness, but no letup in demands for government antirecession action.

Releasing its figures 10 days earlier than usual, the Commerce Department said unemployment dropped 78,000 during April — the first decline since last October but far short of the normal 300,000 decline from March to April.

The report was issued as the House prepared to debate a bill for extension of jobless benefits.

One of the hottest legislative battles of the present Congress was in prospect before the final vote is cast late this week.

"We have a real fight on our hands," conceded Rep. Forand (D-RI), a leader of the Democratic forces backing a measure to pay federal jobless grants to the vast majority of the nation's five million unemployed.

Ranked against it were most House Republicans and a substantial number of Democrats who think either that the bill does not go far enough, or that it goes too far.

The issue, however, was expected to narrow down to the program of temporary unemployment relief loans to the states as proposed by President Eisenhower, and the sweeping program of federal grants proposed by the Democrats. Both proposals would be temporary, expiring next year.

The Democratic proposal carries a \$1½ billion price tag. The Administration's program is figured to cost about \$800 million, which the Treasury would get back from the states.

Along with the April jobs total of 5,320,000, the Commerce Department reported an increase of 596,000 in employment to a new total of 62,907,000 persons working. Secretary of Commerce Weeks said nearly all the gain in employment resulted from the usual spring pickup in agriculture and other outdoor activities.

Paradoxically, although unemployment declined, the report said the percentage of jobless persons increased from 7 per cent in March to 7½ per cent in April on a seasonally adjusted basis, which takes into account a number of statistical factors.

AFL-CIO President George Meany, referring especially to the less than normal drop in unemployment, said the report proves the recession continues to worsen. Meany, calling anew for prompt

antirecession legislation, said: "Immediate action to improve and extend unemployment compensation and to cut taxes on low and middle income individuals is essential if America is to be put back to work."

In a similar vein, the Democratic Advisory Council urged a tax cut of \$3 billion in lower income brackets, plus new billions in public spending and a further drop in interest rates.

The decline is moderating, said Alan H. Temple, executive vice president of the First National City Bank of New York, but statements that it has already touched bottom "must still be based on faith rather than on fact."

Temple's estimates, prepared for the annual meeting of the U.S. Chamber of Commerce, were less optimistic than some from administration spokesmen.

Secretary of Commerce Weeks 10 days ago said he believed the bottom already has been reached and the recovery will come by late summer. President Eisenhower last week said the recession has been "flattening out for some time."

Another speaker, Rep. Richard M. Simpson (R-Pa.), a member of the House Ways and Means Committee, said that huge federal spending programs, as an anti-recession cure, would be folly. He favors tax reduction.

Graves and Cobb landed on ranches near Dalhart. They suffered bruises.

UNABLE TO get Maxwell through the hatch, Obenauf returned to his copilot's position. The controls there were the only ones working.

There he was flying blind with the wind whipping through the cabin at 400 miles an hour. Ground control stations gave him his position and permission to fly 300 miles to Dyess Air Force Base here, his home base. He made a perfect landing.

# IKE BACKS SHAKEUP PLAN

## Copilot Lands Burning Jet, Saves Pilot

ABILENE, Tex. (AP)—A young Air Force copilot, his B47 jet bomber afire and the top canopy blown off, braved subzero weather and wind that seared his eyeballs to land the plane here Monday night rather than abandon an unconscious fellow officer.

First Lt. James E. Obenauf, 24, Grayslake, Ill., made a perfect landing while flying from the blind copilot's seat, something the Strategic Air Command said had been considered impossible because he is behind a solid bulkhead and cannot see forward.

The B47 was in a training flight from Amarillo to Denver. At 30,000 feet, near Dalhart, Tex., one of its six jet engines caught fire.

First Lt. John P. Cobb, 25, Elko, Nev., navigator, bailed out through the escape hatch.

Maj. James M. Graves, 38, Fort Worth, the pilot, blasted off the top canopy. His ejection seat did not work and he bailed out through the nose escape hatch.

Obenauf's ejection seat also failed to work. On his way to the nose he discovered Maj. James E. Maxwell, 32, Portsmouth, Va., navigation instructor, unconscious and his oxygen mask off.

UNABLE TO get Maxwell through the hatch, Obenauf returned to his copilot's position. The controls there were the only ones working.

There he was flying blind with the wind whipping through the cabin at 400 miles an hour. Ground control stations gave him his position and permission to fly 300 miles to Dyess Air Force Base here, his home base. He made a perfect landing.

## Are Fireplugs Out of Bounds?

NEW YORK (AP)—Sanitation experts were called into session today to discuss plans for dog comfort stations in city streets.

The canine commodes are planned for residential neighborhoods where people keep substantial numbers of the city's 272,000 dogs and where curbing of dogs is difficult because of parked cars.

Sanitation Commissioner Paul R. Screvane called the conference as part of his current "Big Sweep" cleanup campaign. His craftsmen have prepared several experimental models of dog comfort stations.

## Envoys Ponder Move by Dag

UNITED NATIONS, N. Y. (AP)—Diplomats speculated today on the effect U.N. Secretary General Dag Hammarskjöld's Security Council intervention on behalf of the U.S. arctic inspection plan will have on the veto-wielding Soviets.

Hammarskjöld, who normally goes in for private diplomacy, surprised everyone Tuesday night with an unprecedented endorsement before the council of the U. S. proposal opposed by the Soviets.

Speaking briefly at the close of debate, the secretary general told the 11-nation Council he welcomed the U. S. initiative in proposing that the northern area be put under international inspection against surprise attack. He expressed hope the proposal might break the current disarmament stalemate.

Soviet Delegate Arkady Sobolev listened tight-lipped. The U.S.S.R. was expected to give some indication of her reaction when the Council resumes debate Friday.

SOBOLEV HAD denounced the U.S. resolution as an effort to divert public opinion from Soviet charges that peace is endangered by flights of U.S. nuclear bombers across the arctic toward Soviet soil. He introduced a counter resolution to pass the U.S. proposal on to a summit conference.

In Moscow, Soviet Foreign Minister Andrei Gromyko derided the U.S. proposal as a "matter of sheer publicity" and a move to get intelligence data on Soviet arctic territory.

## More than 1,000 Expected At Annual Nurses' Breakfast

Breakfast ready? Not by a long shot — but it will be before the expected 1,000-plus breakfast guests troop in Thursday morning.

That's the word of Mrs. Samuel Douds, co-chairman with Mrs. Eugene Ladrach of the eighth annual Nurses' May Day Breakfast, to be served from 6 to 10 a. m. tomorrow in the American Legion Headquarters, 212 N. Fayette St.

From here on in, it's an around-the-clock, through-the-night job, getting the food ready and on the table for the expected record-breaking crowd. Members of the sponsoring Fayette County Nurses' Assn. worked most of the morning and were back again the afternoon, scurrying to get the hall into shape.

TABLES and chairs had to be lugged in, the kitchen had to be put in readiness, and planners had to make one last check to assure that all the food was available.

About midnight, the project itself gets under way. Around a half dozen nurses show up at the hall then to light the oven and start things moving in the kitchen.

Others "dribble in from then on," Mrs. Douds said. About 3 a. m., the first shift arrives at Fayette Memorial Hospital to start mixing the pancake batter and such to be cooked a few hours later.

DOORS actually open at 6 a. m. — and there's usually a good-sized crowd ready to dive in to the scrambled eggs, hot cakes, h a m, sausage, toast, fruit juice and coffee. In past years, a few "early-comers" have been served and sent on their way before the doors open.

A total of 1,030 tickets have been printed — that's roughly the number of people served in the 1957 breakfast, for which only 850 tickets were printed. Mrs. Douds said that she is unable to

## Coffman State Essay Winner; Gets OSU Scholarship, Bond

Ronald Lee Coffman, a junior at Washington High School, is the winner of the 1958 Ohio "Employ the Physically Handicapped" essay contest and today received a \$300 annual scholarship to Ohio State University and a \$100 savings bond as first prize in the statewide competition from Gov. C. William O'Neill.

The announcement was made by Mrs. Matilda Jo Smith, manager of the Washington C. H. local office of the Ohio State Employment Service.

Coffman, high school correspondent for The Record-Herald, won the district essay contest earlier this year.

The contest is annually conducted by the Governor's Committee on Employment of the Physically Handicapped and this year's program for Fayette and Clinton Counties was chaired by Mrs. Anne L. Betts, an interviewer employed by the Washington C. H. Employment Office.

THE PRESENTATION of the award was made at the committee's annual luncheon at the Seneca Hotel in Columbus and the winning contestants were introduced to the governor by C. P. Adamschick, chairman of the committee. Adamschick is supervisor of plant publications of Owens-Illinois at Toledo.

Locally, invitations to the luncheon were accepted by Mrs. Matilda Jo Smith; Coffman's mother, Mrs. Jane Coffman, 727 Yeoman St., and Mrs. W. A. Smith, teacher at Washington High School, who acted as faculty sponsor for the state winner.

Coffman's scholastic record and extra-curricular activities are outstanding. There were more than 3,000 11th and 12th-grade students competing in 25 district contests. The 25 first prize winners were entered in the state contest. All contestants wrote on the general subject, "How Hiring the Handicapped Helps You and Me."

Other state winners are: Helen Elaine Rine, Fredericktown High School, second prize, \$240 annual scholarship to Ohio State University and a \$50 savings bond; Ellen Frye, Oentangy High School, Columbus, third prize, \$250 savings bond; Ronald J. Griffin, Findlay High School, fourth prize, \$150 savings bond; Margaret Matesich, Newark St. Francis DeSales, fifth prize, \$100 savings bond.

COFFMAN's winning essay has been entered in the National EPH Contest. First prize in the national contest is \$1,000, with four lesser amounts for other prizes. Each of the five national contest winners will be invited to Washington D. C. to receive their awards from President Eisenhower at a later meeting of the President's Committee. The national prizes and all-expense trips are financed by the Disabled American Veterans.

The five state contest winners also received certificates of award signed for President Eisenhower by Maj. Gen. Melvin J. Mass (USMC Ret.) chairman of the President's Committee.

The scholarships and savings bonds prizes for state winners were made possible by the Scholarship Committee of Ohio State University, the Ohio Chamber of Commerce, the Ohio CIO Council, the Ohio Federation of La-

## Expanded Vanguard Program Pushed by Navy Scientists

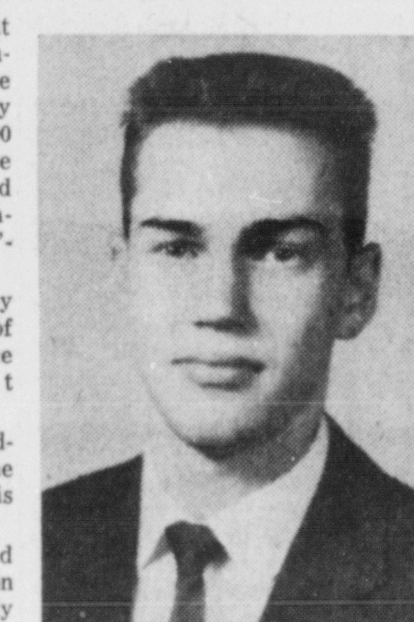

CAPE CANAVERAL, Fla. (AP)—Navy scientists forged ahead with plans for a bigger and better Vanguard rocket program today after learning that the latest launching was washed out by wire trouble.

Officials announced in Washington that the 72-foot rocket failed about 300 miles up when a malfunction developed in the electronic system of the second stage.

As a result, the rocket's third stage did not ignite after what appeared to be a successful launching Monday night. Instead of pushing the fourth U.S. satellite into orbit, Vanguard plummeted about 1,500 miles out at sea.

From telemetry data obtained during the flight, the Naval Research Laboratory learned that the rocket and its 20-inch spherical satellite fizzled because the "brain" in the second stage vehicle never beeped a signal to spark the final stage fuel propellant.

Officials speculated that an

RONALD L. COFFMAN

bor, and the Ohio Manufacturers Assn.

Judges for the state contest were the Rev. James M. Darby, chairman of the English Department, University of Dayton; Dr. Harold L. Dean, chairman, freshman English, Marietta College; and Prof. Milton Marx, English department, University of Toledo.

## News Briefs

CINCINNATI (AP)—Work is slated to start again today in 18 Miami Valley plants after a strike of Foundry Workers Union employees since last Feb. 17.

The workers voted 828-112 Tuesday to accept a new offer by the Miami Valley Foundrymen's Assn. which bargains for all plants.

CLEVELAND (AP)—Building trades unions Tuesday night rejected an offer by the Building Trades Employers Assn. to extend present contracts for one year.

COLUMBUS (AP)—Another 4,000 Ohioans were added to the unemployment compensation rolls last week.

DETROIT (AP)—Ford Motor Co., apparently no longer the immediate strike target, today prepared to resume negotiations on a new labor contract with the United Auto Workers.

COLUMBUS (AP)—Highway accidents in Ohio claimed 127 lives last month, 16 per cent fewer than the 157 who died in highway accidents during March 1957, highway safety department records show.

COLUMBUS (AP)—Harry W. Wilgus of Columbus, a state employee who has served four state audits since coming to the department in 1920, is retiring after 41 years of service.

COLUMBUS (AP)—The state highway department's personnel chief for Division Five at Newark, Leo Reichert, has been reprimanded for selling \$10 tickets for a Republican political rally.

WASHINGTON (AP)—Claude L. Draper, 82, a member of the Federal Power Commission from 1930 until his retirement from government service in 1956, died today in Walter Reed Hospital.

open wire somewhere within the complex structure of the second stage was the culprit. The news assured project heads that the basic Vanguard workings behaved according to plan and that the Navy can go ahead with its stepped-up test program.

The new mission will be to launch a satellite in space — perhaps one a month in the immediate future. During the first seven Vanguard experiments the primary purpose was to test the rocket itself, not to orbit a man-made moon.

Meanwhile, several Titan ICBMs (their exact number a closely guarded military secret) already have been built and set up in a new vertical test facility near Denver.

Largest and most promising of the Air Force ballistic missiles, the two-stage, 6,300-mile-range Titan is to have its first test flight at Cape Canaveral later this year. The missile also has been proposed, with added stages, for flights to and around the moon.

Officials speculated that an

## No Compromise On Basic Idea To Get His OK

WASHINGTON (AP)—President Eisenhower said today any basic compromise on his defense reorganization plan would mean a retreat to a dangerous degree of military ineffectiveness.

Eisenhower told his news conference he is not rigid about the wording of any defense reorganization bill. But he said it would be all wrong to change the basic principles of the plan he sent to Congress.

While the President was stating his views the proposal continued under fire in a hearing before the House Armed Services Committee. Influential members of that group oppose its concentration of authority in the office of the secretary of defense and the Joint Chiefs of Staff.

Just before the news conference opened Gen. Maxwell D. Taylor, Army chief of staff, conceded in the hearing that the plan could reduce the civilian secretaries of the individual armed services to the status of flunkies.

BUT TAYLOR said that wouldn't happen unless authority carried in the bill was misused. Eisenhower said either we are going to do the right thing or we are not.

He said every single concession possible to make toward the individual pride and morale of each of the services had been made before he submitted his program.

Taylor told the Armed Services Committee the Army still is acting as "executive agent" for several of these commands. Eisenhower wants the command structure to bypass the individual service in such cases, so that authority would be exerted direct from the secretary of defense and Joint Chiefs of Staff to the troops in the field.

Rep. Price (D-Ill.) commented that the episode shows "this legislation is just an alibi for poor leadership."

Administration spokesmen told the committee Eisenhower had authority to make the command change under present law, but wanted legislative adjustments to make administration of the new system easier. Among these would be a staff increase.

## Taft Backer 'Besieged' by Help Offers

COLUMBUS (AP)—A spokesman for the "Taft for Governor Volunteers" issued a statement today saying he had been "besieged with requests from Republicans asking how they can help."

Dale W. Stump, chairman of the group, said he would outline the volunteer Taft campaign tonight on Columbus radio station WRVN. Funds for this broadcast, he said, have been made available in small contributions since announcement of the opening of campaign headquarters here.

Charles P. Taft of Cincinnati will oppose Gov. C. William O'Neill for the Republican gubernatorial nomination May 6. When he filed for the nomination, he said he was doing so only as a "stand-in" candidate in the event Gov. C'Neill became ill and is unable to run. The governor has recovered from a heart attack last January.

Last Monday night Howard I. Chesler, Cleveland attorney, told a television audience in Akron that Taft is a "major candidate." But in Cincinnati, Taft disclaimed any knowledge of the statements made in his behalf. In reply to Chesler's statement that Taft was much more than a standby candidate, Taft said "I'm still suing on the same seat."

## Murder Is Hinted In Torch Death

## Hearing Slated On Demurrer In School Case

Hearing on a demurrer filed by six taxpayer-interveners in the Miami Trace School District building bond validation case before the Ohio Supreme Court has been scheduled for 9 a. m. May 15.

The school district brought a mandamus action against its clerk Mrs. Senath Thompson, a year ago, asserting for test purposes that the clerk refused to issue and sell \$1,652,500 in bonds voted by district electors.

The clerk answered that she is doubtful of her duties because of six issues raised against the bond issue by the interveners.

The latter group, in its demurrer, said in substance that the board could remedy its situation outside the courts by replacing its clerk with another who would carry out orders.

Latest pleading in the case is a routine reply filed by the Miami Trace board to its clerk's answer. The reply admits that interveners have made claims against the bond issue and that the clerk is doubtful of her duties, but it denies the charges in opposition to the bond sale as set up by the taxpayer-interveners.

## Kewanee Reported Taking Up New Oil, Gas Options

Reports were current Wednesday that representatives of Kewanee Oil Co. have been seeking additional options for oil and gas in Fayette County.

In view of the extensive tests made here in recent months, the taking of further options is regarded as indicating that additional wells may be drilled in the county in an effort to reach the pool of oil, and possibly gas, that some experts expect to find here.

In a conversation with Kewanee Oil Co. officials in Tulsa, Okla., and Columbus, Tuesday, The Record-Herald was informed that there is nothing definite at present, as to whether additional wells will be sunk.

## 3 Minor Crashes Reported in City

Three fender-bender accidents occurred in the city during the past 24 hours.

Autos driven by Irene C. Davis, 31, Greenfield, and William Lucas, 32, of 443 Warren Ave., collided near the intersection of Court and North Sts. Tuesday.

A rear-end collision at Fayette and Market Sts. Tuesday involved vehicles driven by Warren Detweiler, 21, of 809 S. Fayette St., and Cleo D. Snyder, 34, Chillicothe.

A truck driven by Charles H. Callender, 35, of 131 Laurel Rd., and an auto piloted by Harry Roberts, 66, of 1203 Willard St., collided at Washington Ave. and East St. at 2 p. m. Tuesday, as Roberts was starting to make a left turn.

## City Remedies Intersection Dip

City street crews have completed laying 35 feet of storm sewer pipe at Hinde and Chestnut Sts., eliminating a dip at the intersection.

Residents of the neighborhood petitioned for elimination of the traffic hazard, City Manager James F. Parkinson noted.

The new steel pipe, six inches in diameter, runs on Hinde St. under Chestnut and into a storm sewer. The low gutter previously had been covered with asphaltic concrete.

## Deaths, Funerals

### Glen Jacob Cline

After a short service in the Parrett Funeral Home, a committal service was held in the Sugar Creek Methodist Cemetery on the Palmer Rd. for day-old Glen Jacob Cline, one of two twin sons of Mr. and Mrs. Alvin E. Cline, who died Monday night in Children's Hospital in Columbus.

His twin brother, Thomas Edgar, is still in Memorial Hospital here, where they were born.

Elder Vernon Harris of Chillicothe, pastor of the Seventh Day Adventist Church here, conducted both services.

In addition to his parents, he is survived by two sisters, Myra Jane and Mary Jane, and his grandparents, Mrs. Grace F. Young of near Washington C. H. and Mr. and Mrs. Jacob F. Cline of near Bowersville.

### Miss Elizabeth Fullerton

GREENFIELD — Miss Elizabeth Fullerton, 78, a teacher in the Greenfield elementary schools from 1918 to 1943, died unexpectedly at her home here at 2:15 p. m. Tuesday.

She was a native and lifelong resident of Greenfield.

She is survived by a sister, Mrs. Roland Allen of Columbus; a brother, William E. Fullerton of near Greenfield, and several nieces and nephews.

Services will be held at 2 p. m. Friday in the Anderson Funeral Home here by the Rev. John Williams, pastor of the First Baptist Church. Burial will be in the Greenfield Cemetery.

Friends may call at the funeral home after 7 p. m. today.

### FRANK A. THEOBALD

Services for Frank A. Theobald of San Bernardino, Calif., who was killed in an airplane crash in Nevada April 21, were held in the White Oak Grove Church near Buena Vista at 2 p. m. Tuesday by the Rev. A. F. Pinnell, pastor of the church.

Hal Summers sang "In the Garden" and "The Lord's Prayer." He was accompanied by Mrs. Marian Gage.

Burial was in the churchyard cemetery in the community where he was born and spent his early life. Pallbearers were all fellow Masons, Gail Mershon, Max Wallace, Don Calhoun, Herman Kildow, Herbert Clickner and John Leland.

The Masonic ritual, conducted by Charles Mustine, worshipful master of Fayette Lodge, was held at the graveside.

## Pay Hike Slated For Servicemen

WASHINGTON — Unanimous Senate action practically guaranteed an early pay increase for the nation's fighting men today, possibly by June.

The Senate, with little debate, passed a broad military pay incentive bill 87-0 Tuesday and returned it to the House for probable compromise talks.

Rep. Kilday (D-Tex.), generally credited with drafting the bill previously passed by the House, indicated the Senate measure was not acceptable. He said he probably would seek a Senate-House conference committee to work out a compromise.

All indications, however, pointed to an early agreement.

### Senator Flanders, 77, Planning To Retire

WASHINGTON — Sen. Flanders (R-Vt.) has decided to retire from the Senate after this year—the fifth GOP incumbent to quit voluntarily.

Flanders, 77, announced Tuesday he is leaving the Senate after two terms so he and his wife can do the "many things which are left for us to do and see."

## Future Teachers Get Recognition

INTERNATIONAL UNDERSTANDING — Members of the WHS Future Teachers club were given a better understanding of schools and life in Mexico and Jordan at the annual FTA recognition program here Tuesday by Miss Sylvia Carrasco of Mexico and Walid Shtayeh of Jordan, Wilmington College students. They chatted informally during a City Teachers Assn.-sponsored tea later. At the tea table (left to right) are Shtayeh; Miss Carrasco; Mrs. Jane Grillo; FTA advisor; Miss Marjorie Evans, WHS dean of girls; Joyce Hamilton, retiring FTA president; and Jane Alkire, FTA president-elect.

Recognition Day for the Future Teachers Assn. was held in the Washington C. H. High School auditorium Tuesday afternoon.

In charge of the program was Mrs. Jane Grillo, advisor, and Miss Joyce Hamilton, the president of the club.

The program opened with Miss Hamilton announcing that the president-elect of the FTA is Jane Alkire.

Miss Sylvia Carrasco and Walid Shtayeh, two foreign students from Wilmington College, as the featured speakers.

Miss Carrasco, from Mexico, and

Shtayeh, from Jordan, spoke to the students on a variety of subjects regarding their respective native lands. Of special interest were the guests' comments on education, dating and recreation in Mexico and Jordan.

Of the Mexican educational system, Miss Carrasco said students are required to take many subjects and that their opportunity for electing subjects is very limited. She mentioned, also, the nature and length of the examinations given and said a student has only one opportunity to retake an entrance exam which he may have failed. If he fails the second time, he is disqualified from further study on that particular level for which he was applying.

IN JORDAN, because of the influence of the British, the schools parallel those in England and Europe, Shtayeh said. The study of English, which begins in the fifth grade, is required of every student, he added. During this phase of his talk, Shtayeh told of the schools held in the refugee camps. The children there, he said, must learn under very desperate conditions because of the lack of facilities, supplies and qualified teachers. Students often do their mathematics homework on sidewalks because of lack of paper, he said.

In Mexico, young people are very closely supervised and dating, Miss Carrasco said, does not begin until college. In Jordan, recreation revolves around movies and sports, Shtayeh said, but there is no swimming because of the lack of lakes.

After the talks, the guests and

members of the FTA were entertained in the high school library with a tea sponsored by the City Teachers Assn. Mrs. Grace Eden, assisted by the social committee of the association and the school's home economics department, was in charge of the arrangements.

## Oil, Steel Shares Pace Higher Mart

NEW YORK — Oil and steel shares paced a higher stock market today after two straight declines.

In the early afternoon, gains of leading issues ranged from fractions to more than a point. Losses were mostly fractional.

Trading was fairly active. The news picture was a little brighter than in previous sessions. President Eisenhower told his news conference he believes there is evidence the recession is flattening out.

Some brokers said the earnings of General Motors and U.S. Steel, both issued late Tuesday, were better than many in Wall Street expected.

Gulf Oil and Standard Oil (New Jersey) rose a point or so.

Youngstown Sheet & Tube was up over a point.

Up ½ point or more were U.S. Steel, Bethlehem, Republic Steel, Goodyear, Goodrich, Boeing, Texaco Co. and American Airlines.

U.S. government bonds were irregularly higher.

## Students from Mexico, Jordan Guests of WCH Rotary Club

Two young guests from Wilmington College gave an international flavor to the Washington C. H. Rotary Club's regular luncheon meeting Tuesday.

The speakers were Miss Sylvia Carrasco of Mexico and Walid Shtayeh, a Jordanian whose home is in Jerusalem.

With widely different backgrounds, Miss Carrasco and Mr. Shtayeh impressed club members with two facts — that intelligent young people throughout the world are interested in creating a better world through understanding and that nations less fortunate than our own are stressing the value of education.

**NINETEEN - YEAR-OLD** Miss Carrasco, who is studying languages and secretarial science at Wilmington, called attention to the changing customs of her country whose ancient agricultural economy is feeling the impact of industrial production.

The lissome, brunette, speaker—who had never seen snow before coming to Ohio—briefly discussed the schools of Mexico and pointed out that her country, like the United States, faces a teacher shortage.

English, she said, is taught at the grade school level in Spanish-speaking Mexico, and French is spoken in many better-class homes. Teenagers, Miss Carrasco agreed in answer to a question, are under more restraint south of the border, and high school students do not drive cars.

SHTAYYEH spoke with pride of his native Jordan's long history, adding that the country, once a part of Greater Syria, is the birthplace of three great religions—Christianity, Judaism and the Moslem faith in which he was born.

Contrasting the civilized eastern area of Jordan with the nomadic western desert region, Shtayeh told Rotarians that the educated Moslem has no quarrel with other monotheistic faiths and that he accepts Jesus as a prophet along with Mohammed.

The Arab quarrel with the Jews in the Near East is political rather than religious, he declared.

The 20 - year-old chemical engineering student pointed out that the Jordanian government puts a premium on education and is constantly seeking out its best qualified young men and women for administrative work.

In addition to the government

schools, there are private educational institutions operated by European and American churches as well as makeshift schools in the heavily populated refugee camps which are made up of Arabs displaced from their former homes in the present state of Israel.

English is a required subject in the government schools.

**THE TWO SPEAKERS** were introduced by W. A. Smith, superintendent of Washington C. H. schools who was also their host during the afternoon.

Other student guests at the meeting were Ronnie VanDyke, Route 2, and Bill Wade, Sabina, both of the WCH student body.

Announcement was made of the Rotary District Conference in Cincinnati this weekend which will attract a number of local club members.

Birthday greetings were extended to The Rev. Donis Patterson, rector of St. Andrew's Episcopal Church, and to Walter Sollars.

## House OKs Lifting Of Solon's Records

WASHINGTON (AP) — The House has voted to make available to a federal grand jury in New York certain official records regarding Rep. Adam Powell (D-NY).

The grand jury is reported investigating the income tax returns of the Negro congressman.

One of Powell's aides was convicted of income tax evasion in 1956. The trial produced sworn testimony about kickbacks.

The House action in opening its records was taken in response to a federal court subpoena served on House clerk Ralph Roberts directing him to make the files available to the federal court.

## UC President To Speak To Wilmington Grads

WILMINGTON — Dr. Walter C. Langsam, president of the University of Cincinnati since 1955 and internationally known author and scholar of history, will deliver the commencement address at the 82nd annual Wilmington College commencement exercises June 2.

The commencement ceremonies will mark the completion of college work for 60 June graduates and recognition of 65 students who will finish their college requirements in August.

People . . . Places . . . and Things

# Round about Fayette County

By B. E. KELLEY  
It's time to plant corn!  
The whippoorwill says so.  
First whippoorwill call were heard last week by Floyd Rea, who lives a mile east of Dog Town (I mean Plano), not far from Compton Creek.

Floyd was fishing early in the night and suddenly the clear call of the whippoorwill, (which literally named itself) came from along the stream not far from where Floyd "as catching a mess of "pan fish."

Handed down through the years is an old saying that when the whippoorwill gives its call, it is time to plant corn.

Another old saying is that if one has money in his pocket when they hear the first whippoorwill of the spring he will have money in his pocket throughout the year.

Many years ago people firmly believed this, and some men carried a small amount of change in their pocket to be all set for the first whippoorwill.

The whippoorwill is one bird rarely seen since it is nocturnal in its habits. It is related to the nighthawk or bullbat, both being of the American goatsucker family and native to America.

The scientific name of the whippoorwill is *antrostomus vociferus*, but it is probably just as well that the whippoorwill does not try to call his Latin name.

## LAW HAD HANDS FULL

It has been about a half century since a member of the Washington C. H. police force discovered that he did not know everything about horses.

A prominent farmer was driving along Court St. and he had the spirited, tricky horse he was driving reined unusually high.

When the officious officer saw the high-reined horse, he yelled at the driver to stop.

Walking out to the buggy the policeman, whom I knew well, proceeded to "bawl out" the owner of the horse for having it reined in so tight.

The owner tried to explain that it was the only way he could control the horse, which would run off, kick, and perform other sundry

stunts unless kept reined as he was.

"You don't know how to drive a horse!" said the policeman.

"Then you show me how!" said the farmer, and stepped from the buggy.

The officer got into the buggy, took the lines, and told the farmer to unrein the horse, which was done.

Instantly there was action. The horse started to run, plunge and kick, and literally kicked itself free of the buggy, which overturned, badly bruising the policeman and thoroughly convincing him that the farmer knew what he was talking about.

## FIRST OF KIND

Every time I am in Bellefontaine I take a look at the first concrete street paving laid in America, and apparently this strip of paving on the north side of the Courthouse square is just about as good as when it was laid 67 years ago.

The concrete came from a sizeable plant erected at Mari City, in a remote region some five miles north of Bellefontaine, where a large deposit of marl was used for making cement.

The plant was the first of its kind in the Central United States, and because most of the cement used in the malar at that time came from Germany, the founder and operator of the plant, George Bartholomew, placed a Germ an name on his barrels of cement to help promote their sale.

The cement plant, the large, decaying stone bins of which are still standing, was started soon after 1886, and it was abandoned about 1912 when it no longer was a paying venture, and the marl deposits were about exhausted.

The old "Mari City" plant is now on private property, and the "city" has vanished, leaving one farm cottage on the premises, which is occupied by the owner.

Many of the extremely hard stones, imported from Sweden to pulverize the marl, are still in evidence about the plant, and I have many of them as souvenirs of the first cement plant in this part of America.

30 YEARS AGO  
Plans were made for installing

The Record-Herald Wednesday, Apr. 30, 1958 3  
Washington C. H. Ohio

bowling alleys in the YMCA here.

Police, making a raid on home of a former constable, found a case labeled "Apple Butter," but taking a close look Chief Jack Wolf said "A p p l e s a u c e" as he brought forth several bottles of liquor.

Clyde Beatty, Bainbridge, was in charge of the Hagenback - Wallace cage of lions and tigers as lion tamer.

The Fayette Theater was formally opened with over 1,400 in attendance.

Charles Lindbergh flew his plane "Spirit of St. Louis" from St. Louis to Washington D. C. so the plane could be stored in Smithsonian Institution and preserved.

The local branch of Pennsylvania Railroad was to be known as the Zanesville Branch of the Panhandle Division of the Pennsylvania.

County commissioners were asking the Pennsylvania Railroad to pay half the cost of eliminating two grade crossings at Johnsons Crossing and east of Compton Creek, where a new cut-off was planned to extend north of the railroad.

A woman walking across DT&I

tracks at W. Market St. was grabbed by brakeman Red Day, on a switch engine, and lifted bodily out of the path of a backing locomotive.

Sixty-seven per cent of nation's wheat crop was to be plowed up due to winter kill.

## Ex-Cop's Hearing Rules as Mistrial

EAST LIVERPOOL (AP) — The trial of a former East Liverpool special policeman charged with burglary was declared a mistrial Tuesday because a defense attorney spoke to a juror.

Judge Raymond Buzzard, Columbiana County common pleas judge, set May 1 for a new trial for Dallas Bishop, accused of the Smith and Phillips Co. department store burglary in 1952.

Judge Buzzard declared a mistrial when Bishop's attorney, Sam Peckett of Youngstown, admitted he had talked to a woman juror. Peckett said he did not know the woman was a juror at the time.

## Escapee Returning To Akron Jail

DETROIT (AP)—A fugitive wanted in a five-man jail break at Akron, Ohio, has been surrendered to Detroit police by an uncle and has waived extradition to go back and face both jail-breaking and a breaking and entering charges.

Richard Hoskinson, who said he hitch-hiked to Detroit after escaping a police trap at Norfolk, Va., walked into a precinct police station Saturday with a Detroit uncle, Ralph Hoskinson.

## Sometimes We Can Lose Our Way By Shortcuts

It is said that since time began a man came to the world as its first thinker, there has been as many ideas on what is wrong here on earth as there have been minds to think of them.

Just recently we ran across a list of some fallacies in our political, economic and social thinking, that are worth repeating.

Here is a list of 10 of these relating to some of the recognizable fallacies of our times.

1. That peace among nations can be secured by means other than superior military strength on the part of our actual peace-loving peoples.

2. That international friendship can be secured through gifts rather than through genuine common principles and purposes.

3. That the moral character of a nation as a whole can be better than the moral character of its citizens as individuals.

4. That anybody's opinion as to how to run the country is as good as anybody else's.

5. That government can give things to people without first taking them away from the people.

6. That if we keep experimenting long

enough, we will find a substitute for an honest day's work.

7. That somewhere and somehow there simply must be a substitute for honest money.

8. That somewhere in the depths of "scientific socialism" there must be a substitute for the love of one's neighbor.

9. That stealing is not stealing when the majority of the voters vote in favor of it.

10. That personal economic security, guaranteed by government, is possible without the loss of personal liberty.

Perhaps we can gather from the 10 points that something is wrong with too much of our philosophy today. Unfortunately a lot of the philosophy to which some people cling certainly wasn't the thinking behind the strength that built this great nation. While the greater local and international feelings for peace, friendship, labor, honesty, "the general good" and security are worthy, the method of achieving the goals through socialistic plans will defeat the effort.

Historians of another era may say that in their hurry to reach Utopia, some Americans saw the guiding lights but lost their way by seeking short-cuts.

## Golden Weddings Increasing

By Hal Boyle

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That grandpa and grandma were only half as likely to live to celebrate their golden wedding anniversary as a young couple marrying today.

The chances in 1900 that a bridegroom of 25 and a bride of 21 would survive 50 more years was only 123 per 1,000 marriages. Now it's 296 per 1,000.

That the Eskimos have a non-famous word for snow.

That 14 million American men can't swim.

That the first hospitals were established in Ceylon five centuries before Christ.

That there is a hardware dealer in the Bronx named J. Bolts.

That singer Lisa Kirk points out a man "can marry a fash-

ion plate and still not get a nice dish."

That since the dawn of time the most popular color for decorating has been red. It's still a prevalent hue in bank balances.

That dogs never had it better, as witness: No poodles are allowed in the giant Meramec Caverns at Stanton, Mo. But the management has set up a special room with toys where the dogs wait in comfort while their owners trudge through the cave.

That job offers for 1958 college graduates are lagging far behind those available to the 1957 class at this time a year ago.

That it's so cold in Siberia frozen milk is sold wrapped in paper, just like bread.

That the custom of tipping one's hat has more behind it than male gallantry. As long ago

as the Crusades armored knights raised the visor of their helmets in passing to determine whether the other guy was friend or foe.

That it certainly was no gentleman who passed this remark, overheard in the Astor Hotel's Hunting Room: "I miss my wife's cooking — whenever I can."

That more than 85 per cent of the drugs prescribed today were unknown 20 years ago.

That lightning, by combining nitrogen and oxygen, creates 100 million tons of plant food a year, raining down far more than is produced by all the commercial fertilizer plants. Mother nature is still the mightiest manufacturer.

That it was Simon Weil who said: "A science which does not bring us nearer to God is worthless."

## He Likes Ex-Presidents

By George Sokolsky

Two ex-presidents are rolling about the United States and both are more popular today than they ever were when they were sitting in the White House.

Herbert Hoover has grown into the most beloved citizen of the country. He is now in the hospital, enjoying a glorious grumpiness, but at 83 recovering from a gall bladder operation with the ease and the will-to-live of a young fellow.

He has recently been engaged in writing five books, one of which is now ready for the book stores, "The Ordeal of Woodrow Wilson."

To watch him work is a rare privilege, for the digs like a young fellow writing his M. A. thesis; he writes on lined yellow paper in long-hand and he revises draft after draft. Herbert Hoover abhors ghosts which is probably the reason for his enormous literary output. In writing, the rule must be, "do it yourself." Ghosts clog the works.

I recently attended a dinner of

Tammany Hall, in New York County, over which these days Carmine DeSapio presides. The principal speaker was Harry Truman, who at 74, traipses about the country, making speeches, taking publicized walks and doing politics for his party.

He is a beloved leader. Nobody needs to agree with any man to love him. When a Democratic audience sees Harry Truman, they see a spunky little guy who fights his way to the kind of political and personal victory that Democrats like and they show it.

Harry Truman's influence over his party increases as he grows older. Therein, he differs from Herbert Hoover who, in his age, has come to be regarded as beyond partisanship.

One cannot imagine Herbert Hoover telling the boys how to lick the Democrats. Harry on the other hand, gets down to the side-walks and gives the enemy hell from start to finish with a fervor expected from a young one running for local office.

If Harry Truman emphasizes the importance of the plain and simple people, it is because he is certain that he had never graduated from Independence, Mo., of which he regards Kansas City and probably the rest of the world as a suburb.

Herbert Hoover and Harry Truman are friends. At any rate, they get along with each other than they do with President Eisenhower, who has more or less, snubbed or ignored them both.

Harry Truman has been shown no courtesy since Eisenhower has become President, which is bad manners on the President's part, no matter how you look at it.

Harry Truman, when he was President, extended due courtesies to Herbert Hoover, appointed him to important consultative and exploratory tasks, and backed him valiantly on the recom-

mendations of the Hoover reports.

Perhaps, it is customary in the Army folkways that when an old general retires, his successors ignore his existence. It is not so customary in politics where a handshake and a smile are permissible even among political enemies who may like each other or not, according to personal taste.

True, President Eisenhower continued the Hoover Commission but gave it none of the ardent support that Truman did. Besides, there is a frigidly about the White House, possibly emanating from Sherman Adam's office, which would normally chill such a person as Herbert Hoover. It out jicicles about Harry Truman. Silly Business!

I had never before seen Harry Truman at a partisan, political, down-to-earth meeting and it was a treat. He was cheering the crown to go out and work for the re-election of Gov. Averell Harrison who will undoubtedly be re-elected unless the Republicans in New York state can come up with a miracle.

What obviously the Democrats are afraid of is that the district leaders and such will be come complacent, feeling that victory is assured. So they beat the drums and Harry beat his loudest of all and the crowd just loved it and him, too. I don't know when I had more fun, particularly as I sat next to Carmine DeSapio's beautiful and clever wife who never misses a move.

The Republicans do not know, hereabouts, how to play so closely together. They do not mingle so well — and mingle is a word often used in Democratic circles.

For instance, the toastmaster of the dinner was Hulan Jack, Negro, who, it is expected, will one day be mayor of New York.

IT'S SO EASY TO PLACE A WANT AD.

## Try and Stop Me

By BENNETT CERF

THE ASSOCIATED GHOSTS of Northern Scotland were having a reunion. It was a bitter cold night, and every time another ghost flung open the door, a blast of frigid air swept through the hall. "Confound those inconsiderate members!" grumbled a delicate old ghost finally. "Why must they keep opening that door? What do they think the keyhole is for?"

A Wall Street stock manipulator was delighted to meet a college classmate on a Washington-bound plane one morning. "How ya' doing?" inquired the friend jovially. "Just great!" boomed the manipulator. "Never had it so good. What's your line now?"

"Didn't you hear?" asked the friend. "I'm the new Assistant Collector of Internal Revenue."

The manipulator explained hastily, "I meant I never had it so good spiritually, of course—not materially."

## Diet and Health 3 New Drugs Make Medical Headlines

By HERMAN N. BUNDESEN, M.D.

THREE medicines which give promise of making life a lot safer and much more comfortable are among the recent developments which I would like to discuss today in our regular monthly review of medical advances.

Midicel is a new sulfa compound which reportedly has a therapeutic advantage over the older sulfonamides. Midicel is the trade name for sulfamethoxypridazine. It's reported that this drug is particularly effective in treating persons with urinary tract infections.

### Has Many Uses

Evidence thus far indicates that it is effective also in treating respiratory infections, lung abscesses and bacterial dysentery. And it can be used as a prophylactic against recurrence of rheumatic fever.

A big advantage is that smaller doses are required than with other sulfonamides. It is available only through a doctor's prescription.

### Powerful New Drug

Perphenazine is a powerful new drug which may replace the usual widely-used tranquilizers. Trade name for this drug is Trilafon.

It belongs to the same family as the broadly used chlorpromazine.

It is reported to be from five to ten times more potent. It also requires smaller doses and produces fewer side effects. It is available by prescription only.

### New Drug For Coughs

A medicine named Thorexin is a new product for symptomatic treatment of coughs.

It does not contain codeine, one of the most common cough suppressants. Instead, it contains dextromethorphan hydrobromide and a combination of expectorant and demulcent agents.

Unlike codeine, investigators say, dextromethorphan hydrobromide is non-narcotic. And they report it does not have the gastrointestinal side effects usually associated with opiates such as codeine.

It will be available soon for over-the-counter sale.

### QUESTION AND ANSWER

H. B.: I have a ring of whitish material on each eyeball around the pupil. Is this due to hardening of the arteries?

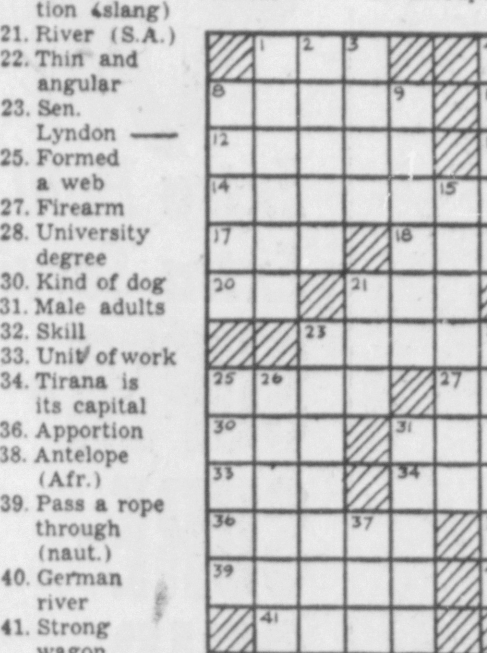

Answer: The ring you speak about is probably due to a fat deposit within the eye. This has not been proven to be due to hardening of the arteries except in a few cases.

Better consult your doctor.

## Letters To Editor

EDITOR, RECORD-HERALD:

Good teachers are the heart and core of a good school system. Good facilities and good administration are essential, but without the sincere, conscientious, and dedicated teachers, the primary purpose of the schools cannot be accomplished.

We want good teachers in our schools and so do our neighboring cities. At the present, other cities of comparable size are willing to pay more for good teachers than we are. Consequently, with the teacher shortage so acute, it is difficult to attract the caliber of teachers that we would like to have in our school system, and hold the good teachers who have been so faithful to their profession.

This fall we will need seven additional teachers for our new buildings and increased faculty. To interest good teachers for these classes, we will need to have a better salary schedule.

This leaves us only one course of action: to increase the salary schedule for our teachers until we are at least comparable to other cities of the same size.

As a school board, we feel it is our responsibility to the citizens of Washington C. H. to give them the opportunity to have good teachers through increasing our salary schedule by means of additional tax levy.

A salary schedule that would compare with other cities of the same size, plus the seven additional teachers, would require approximately \$72,000. Applied to our present tax duplicate, this would require 3.6 mills to produce the required amount.

We want to be sure we have presented the need and all the facts concerning the need so the people of Washington C. H. can make their decision on May 6.

We sincerely hope the citizens will vote for the levy, that our schools might continue to improve so that Washington C. H. will be a better community tomorrow because of our schools today.

MILBOURNE FLEE  
Member, City Board of Education

Sulphur is used in converting wood pulp into rayon, phosphate rock into fertilizer, and soft rubber into hard. The yellow element also plays an essential role in the production of drugs, dyes, detergents, lubricants and explosives.

## No Space Travel Permitted in City

CLEVELAND (AP) The city council in nearby Bedford came to grips with the Space Age. A recent session of the council approved an ordinance prohibiting the firing of rockets, projectiles and missiles within the city limits.

## Social Happenings

6 The Record-Herald Wednesday, Apr. 30, 1958  
Washington C. H. Ohio

### DAR Meeting Set for Monday

The Washington C. H. chapter, Daughters of the American Revolution, will hold its annual business meeting and memorial service at 2 p. m. Monday.

Mrs. Martin G. Morris will open her home, Wayne and Cross Sts., Bloomingburg, for this important meeting.

### Calendar

MRS HAROLD E. LONGBERRY  
SOCIETY EDITOR  
Phone 35291

#### WEDNESDAY, APRIL 30

Special meeting of Jefferson Chapter Eastern Star, dinner, 6:30 p. m. Annual inspection, 8 p. m.

#### THURSDAY, MAY 1

Mt. Olive WSCS meets in the home of Mrs. Walter Engle, 2 p. m.

Buckeye Chapter of the International Mail Bag Club meets with Mrs. Essie Fitzpatrick, 7:30 p. m. Mrs. Maude Warner is program leader.

Ladies Bridge Luncheon in the Country Club, 1 p. m. Mrs. Ralph Bray and Mrs. Robert Sanderson is the committee.

Good Hope WSCS meets with Mrs. Harold Huges, 1:55 p. m. Christian Women's Fellowship of the Church of Christ meets in the home of Mrs. Elza Arnold, 2:15 p. m.

Matron's Class of the Bloomingburg Presbyterian Church meets with Mrs. M. G. Morris, 2 p. m.

Union Home Demonstration Club meets with Mrs. J. W. Cunningham, 2 p. m.

FRIDAY, MAY 2

Stanton WSCS meets with Mrs. Orville Bush, 2 p. m.

GAR Circle meets in the home of Mrs. Daisy Gossard, 407 Gregg St., 2:15 p. m.

Faithful Classmates of the New Martinsburg Methodist Church meets in Forest Shade Grange Hall, 7:30 p. m. Everyone is welcomed.

SUNDAY, MAY 4

Golden Rule Class of the Bloomingburg Methodist Church meets in the church, 8 p. m.

MONDAY, MAY 5

Washington C. H. Chapter, DAR, meets in the Bloomingburg home of Mrs. Martin G. Morris, 2 p. m.

Country Club family night covered dish supper, 6:30 p. m. The committee consists of Mr. and Mrs. C. R. VanZant, chairmen, Mr. and Mrs. Charles Reinke.

Forest Chapter of Eastern Star meets in Bloomingburg Masonic Temple for regular meeting, 8 p. m.

The memorial service for those members "God's finger touched" this year will be in charge of the chaplain, Miss Golda Baughn.

The business will include reports of officers and chairmen, reports of the Continental Congress by Mrs. Ernest Chaney and Mrs. Harry Parrett, delegates and the election of a regent, first and second vice regents, chaplain and two members of the board of management, who will serve for the next two years.

Mrs. Morris will be assisted during the afternoon by Mrs. Robert Jefferson, Miss Alberta Coffman, Mrs. T. Earl Hughes, Mrs. Horace K. Wilson, Miss Vera Veal, Mrs. John Leland, Mrs. Q. A. Cheadle, Mrs. Thomas H. Parrett, Mrs. George Aldrich, Mrs. Harold Rodecker, Mrs. Homer Harrison, Mrs. Joseph McFadden, Miss Eva Thornton and Miss Essyle Thornton.

This will be a closed meeting.

Patrol Officers' Wives Entertained Friday

Mrs. Robert Hackmeyer entertained the wives of State Highway Patrol officers from the Washington C. H. and Wilmington area Friday night.

Highlighting the evening was the election of two officers. Mrs. Bruce Frye was named president and Mrs. John Cromwell secretary-treasurer. Both officers are from Wilmington.

Games were enjoyed with prizes being won by Mrs. L. P. Adamson, Mrs. Bruce Frye and Mrs. Louis Schnelle.

A dessert course was served by Mrs. Hackmeyer and her assisting hostesses, Mrs. Rodney Sheline and Mrs. Dwight Holloway, to Mrs. Frye, Mrs. William Schultz, Mrs. Wayne Spangler, Mrs. A. B. Cook, Mrs. Cromwell, Mrs. Marion Hobbs, Mrs. Schnelle and Mrs. Adamson.

The next meeting will be held in the home of Mrs. Schnelle on the Wilmington Rd.

### Personals

Mrs. Leslie Dement of Dayton was the Tuesday guest of her mother, Mrs. Charles Briggs of Jeffersonville.

Miss Marian Moore has returned from a visit with Mr. and Mrs. Charles Bright and family in Bedford. While there she attended the Metropolitan Opera performance of "The Barber of Seville" in Cleveland.

Mr. and Mrs. W. S. Paxson returned to their home Tuesday night after accompanying their daughter, Mrs. Hugh Urbanke, and children, Karen and Hugh Stanley, to their home in Houston, Tex.

## Miss Joan Ridgway Is Bride Of Mr. Kerwin Durlfing

In a beautiful and impressive ceremony Sunday afternoon in the Methodist Church in Derby, Miss Joan Ridgway, daughter of Mr. and Mrs. Eldon Ridgway of Derby, became the bride of Mr. Kerwin Durlfing, also of Derby but formerly of New Holland, and the son of the late Mr. and Mrs. William E. Durlfing.

An arch and kneeling bench appointed with white and lavender pom poms before candelabra entwined with fern provided the setting for the double ring ceremony which was performed by the Rev. John Brown.

Potted white mums and vases of white and lavender pom poms also decorated the church. White satin bows marked the pews.

The ceremony was preceded by a half hour program of nuptial music presented by Mrs. Elinor Brown, soloist, and Mrs. Thomas Tipton, organist, of Columbus.

Mrs. Brown's selections included "Because," "Oh Promise Me," "I Love You Truly," "Through the Years" and "The Lord's Prayer."

The bride, given in marriage by her father, was attractive in a white gown fashioned from shiffy imported silk embroidered tulle. The basque bodice featured a scoop neckline trimmed with tiny seed pearls. The petite sleeves were complemented with matching mitts. The full skirt formed an embroidered diamond shaped point over double layers of nylon tulle ruffles which terminated in a chapel train. Her finger tip veil of imported French illusion was caught to a Juliet crown of pleated crystal tulle accented with a tear-drop pearl. She carried a white Bible topped with a bouquet of white rose buds, miniature narcissus and angel wing and was tied with white and lavender taffeta and lace streamers.

Attendants for the bride were Mrs. Julia Walker of Pickerington as matron of honor, Miss Nancy Smith, Derby; Mrs. Thomas Shannon, Harrisburg, and Mrs. Stanley Carter, Urbana, as bridesmaids, and Miss Linda Ridgway, sister of the bride, as junior bridesmaid. Little Miss Becky Sue Mayer of Columbus served as flower girl.

The matron of honor and the bridesmaids wore identical ballerina length gowns of imported eyelet organdy, white over lavender, which featured full circular skirts and scooped necklines. The bodice of each was caught by tiny velvet ribbons and bows. They carried

bouquets similar to the bride's.

The flower girl was attired in a gown of white organdy which was fashioned with a fitted bodice, scooped neckline and a very bouffant skirt. She carried a basket of white rose petals.

Mr. Thomas Shannon of Harrisburg was Mr. Durlfing's best man.

Guests were seated by Mr. Russell Jacobs Jr. of New Holland, Mr. Richard Mayer of Columbus; Mr. Stanley Carter, Urbana, and Mr. Edward Bates, Cincinnati.

Mrs. Ridgway chose for her daughter's wedding a light blue

taffeta dress covered with embroidered nylon, a light blue hat and black patent leather shoes. Her corsage was of pink roses.

A reception followed the exchange of vows in the new home of the bride and groom in Derby. The home was decorated throughout with lovely arrangements of mums and pom poms.

The bride's table was centered with a tiered wedding cake which was topped with the traditional bride and groom, encircled with smilax and lavender and white pom poms.

Hostesses were Miss Betty Funniss of Orient, Miss Patty Sweet, Mt. Sterling, Miss Judy Jacobs, New Holland, Mrs. Edward Bates, Cincinnati and Mrs. Richard Mayer, Columbus.

When the couple left on a week's trip through the Smokey Mountains, the bride was wearing a light blue applique lichen sheath dress with a light blue hat trimmed with tear drop pearls. A white knit coat and black patent leather shoes and purse completed her costume. The rose corsage from

her bridal bouquet was pinned to her shoulder.

The new Mrs. Durlfing, a graduate of Derby Township High School in the class of 1952, has been associated with the Nationwide Mutual Insurance Co. of Columbus since her graduation.

Mr. Durlfing, a graduate of New Holland High School in the class of 1948, was until recently associated with the Dayton Power and Light Co. in Washington C. H.

He is now in the grocery business for himself in Derby. He served with the U. S. Air Force for four years of which two years were spent in England.

Local guests attending the wedding were Mr. and Mrs. David E. Moore, Mr. and Mrs. William Malone, Mr. and Mrs. Fred Allen and Mr. and Mrs. Robert Durlfing and son, all of Washington C. H.; Mr. and Mrs. Russell Jacobs Sr. and daughter, Judy; Mr. and Mrs. Russell Jacobs Jr., Mr. and Mrs. Oscar Flack and son, Walter; Mr. and Mrs. James Doyle and daughter, Eileen, and Mr. Gerald Helsel, all of New Holland.

### Browning Club Annual Banquet Held Tuesday

Members of the Browning Club celebrated their last meeting, of the year by holding their annual spring banquet in the Fayette Grange Hall Tuesday evening.

Approximately 43 members and guests were seated at tables centered with beautiful arrangements of spring flowers.

The invocation was given by Mrs. Harry Elliott.

Mrs. Donald Murdock, president of the club, presented gifts to the chairmen of the past year. They were Mrs. Homer Garringer Mrs. Elliott, Mrs. Ray Terrell, Mrs. Darrell Williams and Mrs. W. A. Smith.

Two solos entitled "My Man Is Gone" and "Deep Purple" were presented in a praiseworthy manner by Miss Sylvia Lee, with Miss Kay Minshall as the piano accompanist.

A verse written by John Ruskin was read by Mrs. Murdock.

Mrs. Orville Jenkins gave a very impressive memorial service for Miss Anna Payne.

For the program, Mrs. Stanley Scott, program chairman, introduced Mrs. Robert Hagerty, who in a very interesting manner, dramatized and reviewed the play "The Boy Who Discovered Spring," by Elizabeth McFadden.

Committees for the lovely affair were Mrs. Charles Fults Mrs. Hugh Smith, and Mrs. Tranquillo Del-Ponte, banquet; Mrs. Orville Jenkins and Mrs. Emerson Chapman, decorations; and Mrs. Stanley Scott, Mrs. Lloyd Iden and Mrs. John O'Connor, entertainment.

### Madison Mills MYF Organized Sunday

The organization meeting of Madison Mills Methodist Youth Fellowship for intermediates was held Sunday at the church.

The meeting was highlighted by the election of officers by the 13 new members.

David Belt was named president; Sierr Smith, vice president; Gloria Delay, secretary; Suzan Huff,

treasurer; and Tommy Lindsey, news reporter.

Their teacher, Miss Linda Stoer, explained the functions of the MYF, a short discussion was held on summer projects and problems of school.

Games were enjoyed and refreshments were served by Barbara Randolph and Sierr Smith.

YOU SHOULD HAVE

### EXPERT ADVICE

WHEN YOU . . .

### BUY A WATCH

FIRST: To ascertain that your new watch is well suited for the kind of wear you intend to give it.

SECOND: To protect you in knowing that there is no misrepresentation on its features, its number of ACTUALLY WORKING jewels and its expected accuracy.

THINK OF THE FUTURE when you buy a new watch—a bad buy is not only wasteful but may mean heavy expenses later.

# OSU Symphonic Choir To Give Concert Here

OHIO STATE UNIVERSITY'S SYMPHONIC CHOIR, which has received acclaim by audiences both in the United States and Europe, will give a concert in the Washington C. H. High School auditorium Friday night under sponsorship of the WHS Senior Choir. Grover Baber, head of the WHS vocal music department, is a former member of the choir and of its dance group. Miss Jo Davis, a WHS

Ohio State University's Symphonic Choir, which will give a concert in the Washington C. H. High School auditorium Friday night, is rated as one of America's finest college choral organizations.

The appearance of the choir here is sponsored by the WHS Senior Choir, which is trying to raise money for some needed accessories, including robes.

Members of the WHS choir, who are now selling tickets expressed the hope that "there will be a full house" for two main reasons: (1) fine entertainment for those who hear the 62-voice OSU choir and (2) needed funds for the WHS music department's choir.

Miss Jo Davis, daughter of Mr.

and Mrs. M. Grove Davis and a graduate of Washington C. H. High School, is a member of the choir. She also will play two organ solos as a part of the program here.

Another member of the choir Miss Shirley Stoughton of Columbus and a junior at OSU, is a sister of William Stoughton, manager of the Washington C. H. Chamber of Commerce. She is one of the choir's soloists, its historian and alumni secretary.

THE SYMPHONIC CHOIR only recently completed its annual spring tour, during which it appeared in New York's Town Hall and Lisner Auditorium in Washington, D. C.

The choir, accompanied by the dancers visited France, Germany, England Belgium and Wales in 1955 and drew high praise from the critics when it participated in the International Musical Eisteddfod that year in Llangollen, Wales.

On its European tour, the choir received many standing ovations from audiences and its members were acclaimed an unofficial "cultural ambassadors" abroad.

The Symphonic Choir was organized in 1937 and became nationally known when it won top honors among 30 amateur choruses in a competition sponsored by the Columbia Broadcasting System.

The choir is still directed by its founder, Professor Louis H.

graduate, is a member of the choir and also will play two organ solos in the concert here. Miss Shirley Stoughton of Columbus (second from right in third row from bottom), one of the choir's soloists, is a sister of William Stoughton, manager of the Washington C. H. Chamber of Commerce. The concert will start at 8 p. m.

Diercks of the OSU music faculty.

GROVER BABER, head of the WHS vocal music department and director of the sponsoring senior choir, is a former member of the Symphonic Choir and was one of the dancers and choir manager for the European tour.

Both the choir and dance group have received wide recognition for the "choral-dance theatre" which the two groups explored and developed as a medium of expression.

Initial experiments in combining dance and song as an instrument of artistic expression took place at the university in 1938. Since that time the choir and dance group have given many performances of

especially arranged works.

Singing in the choir is not a part of the formal academic work of its members, but provides experiences which go beyond the usual books-and-classes concept of university life.

Only about half of its young members plan to continue in a musical vocation after leaving the university; the others are studying for careers in engineering, commerce, science or other fields. Some students may be choir members for the entire four or five years they spend at the university, but one-third to one-half of its membership changes annually, and the choir is reorganized every autumn.

## Daytime Serials Increase on TV

NEW YORK (AP)—Television program types come and go, but soap opera goes on forever. It appears, in fact, that its strength is increasing.

"Love of Life," the CBS-TV daytime series, recently increased its time from 15 to 30 minutes. It is expected that two half-hour operas will take the place of "Matinee Theater" (NBC-TV) after it retires from the home screen in a few weeks.

The people who work in daytime serials detest that phrase "soap opera." Their viewpoint of their craft is seldom aired. Here,

for a change, are some articulate remarks on the subject by John D. Hess, who writes "Love of Life" while living comfortably in a large house in Bucks County, Pa., with his wife and children.

"The term 'soap opera' is among the glib and careless, a handy phrase that—like most handy phrases—is basically unfair. It assumes that all daytime serials are of exactly the same quality and one might believe they were all written to rigid formula. The fact is that the work of daytime serial writers can and does vary enormously in quality.

In purpose and in results there are, however, severe limitations in writing daytime serials which nighttime writers don't face. The most serious limitation is that we are separated from our audience for at least 24 hours between exposures, depending on each viewer's watching habits. In the writing, you can't build up a steadily mounting situation which is resolved at the end of the program. Rather, the interest must go on.

"This attenuation and this sporadic audience contact are the facts of life a serial writer has to face."

It wasn't until the 1880s that fingerprinting was adopted as a method of identifying criminals.

### Only 1 Ohio Surplus Labor Area Gets Federal Assistance

WASHINGTON (AP)—Walter Reuther said today only one Ohio city with marked unemployment—Springfield—received extra business from the Defense Department in a 2½ year period.

The government has a program in which businessmen in surplus labor areas are supposed to be given an opportunity to bid on certain defense contracts.

Reuther, president of the United Auto Workers, submitted to the House Banking Committee a state-by-state report on this program for the period July 1, 1955, through Dec. 31, 1957.

He said the report showed the program to be completely ineffectual as an anti-unemployment measure.

For Ohio, the report said Springfield last year obtained Navy business totaling \$117,324 and Air Force business totaling \$31,664 for a total of \$148,988 in preference contracts.

During the same 2½ year period, the following other Ohio cities were at one time or another eligible for extra business because of unemployment but, according to the report, received none: Logan—Nelsonville; Cambridge; Marietta; New Philadelphia-Dover, and Zanesville.

The Defense Department's own figures, Reuther said, show that in the last six months of 1957 only three out of 86 areas in the "labor surplus" category received preferential contracts.

"You will note the long and impressive list of zeroes in this report," Reuther said. "You will note also that the amounts involved are so small as to be in many cases ridiculous."

Unemployment has hit a number of larger industrial centers in Ohio since the report was drawn up. Examples of these are Youngstown, Canton and Lorain-Elyria.

Ohio congressional sources say the program is not much help in these cities, either.

For one thing, one source pointed out, with so many areas now classified "labor surplus" there is hardly any priority advantage left.

### Sabina Man Admits Another Burglary

GREENFIELD — A Sabina man, Floyd Hodge, 22, has admitted burglarizing the Greenfield Sand & Gravel Co., located off Rt. 138 about four miles southwest of here, last Dec. 15.

Hodge confessed to High and County Sheriff Walter Reffitt in Xenia, where he is being held a pending probation hearing May 10.

He has previously pleaded guilty to one count of breaking and entering and one count of grand larceny, at his recent arraignment with four other members of a reported seven-man gang.

Hodge admitted he and Sherman Horsley, 31, Jamestown, broke into the quarry office. Horsley is the only one of the indicted four in Xenia who pleaded innocent when arraigned. His jury trial in Greene County Common Pleas Court will be held May 12.

Hodge also confessed to breaking into the Paint Valley Sand & Gravel Co. plant on the Rapid Forge Rd. near Bainbridge and taking some office equipment. He said Horsley, Wayne Spurlock and Vernon Ping took part in that theft.

Spurlock was sentenced to serve four concurrent 1½ year terms in the Mansfield Reformatory for breaking and entering and grand larceny, by Common Pleas Judge Dan M. Aultman in Xenia.

# Purkey's Only Pitcher Perkin' For Cincinnati

He Was Just Supposed To Provide Lift, but Is Carrying Full Load

By THE ASSOCIATED PRESS  
Cincinnati hoped to perk up its pitching when it got Bob Purkey from Pittsburgh last winter, but at the moment Purkey's the only one perkin' on the Redleg staff.

The Redleg corps has accomplished only two complete games and one shutout in 10 decisions so far and Purkey has authored them all, while gaining three of Cincinnati's five victories.

The 28-year-old right-hander, who won more than three in one major league season for the first time last year when he was 11-14 for the last-place Pirates, stayed unbeaten Tuesday night as Gus Bell's three-run eighth-inning homer beat St. Louis 5-2.

Purkey gave up 10 hits, but walked none and struck out three while reducing his earned run average to 1.04 for 26 innings.

Pittsburgh's Bob Friend also gained a 3-0 record Tuesday night, throwing a four-hitter that beat Los Angeles 7-1 as the Pirates won their fourth in a row.

The champion Milwaukee Braves took a full share of the National League lead for the first time this season as Warren Spahn also 3-0, rode a nine-inning homer to lead the Chicago Cubs.

San Francisco slipped to second, half a game behind, with a 7-4 defeat by Philadelphia.

Gino Cimoli's third homer was the only Dodger run off Friend, who holds both Pirate complete games this season. Carl Erskine lost his first.

Spahn helped himself with three hits, two of 'em doubles, and drove in three runs for the Braves while Ed Mathews made his No. 6 homer good for two runs.

The way little Bobby Shantz figures it, he'd really have it made if they played only eight-inning games in the American League and all the clubs were like the Detroit Tigers.

The stubby southpaw extended his hex over the Tigers with a six-hit, 5-1 New York Yankee victory Tuesday — his 11th straight against Detroit since 1950. It was his second success in two 1958 starts and again he had a shutout until the ninth.

While padding Shantz' lifetime record against Detroit to 13-4, the decision also pushed the Yankees into a 1½-game lead. The other three AL games were rained out.

Shantz, 32, came to the Yankees from Kansas City in February, 1957. He was 11-5 last season, led the league with a 2.45 earned run average and was voted the AL's comeback player of the year in the AP poll after long-time trouble from a back ailment.

The Yankees counted nine of their 13 hits against right-hander Paul Foytack, two of them home runs by Bill Skowron, his first of the year. The two belts, the first Skowron has pulled into the left field seats at Yankee Stadium in two years, drove in the first three Yank runs.

Foytack, who had complete games in his two victories this season, gave way in the fourth when Shantz doubled with two out and scored on Hank Bauer's sin-

# Willie Pep Proves He's Still Master

BOSTON (U—) Wee Willie Pep, former king of the featherweights who refuses to quit to age, today planned a brief rest before taking on the next youthful boxer who thinks he is ready for the old master.

"I just want a couple of weeks off and then I'll be ready for any other fella who thinks he can knock off old Willie," the 35-year-old batter said.

Pep once again had too much to let young have its fling as he earned a 10-round unanimous decision over previously unbeaten Jimmy Kelley of Lowell before 4,191 here Tuesday night.

Willie displayed an assortment of punches in holding off bull-like charges to end the 19-year-old Kelley's 15-bout undefeated streak.

Kelley, bleeding from a cut above his left eye and the nose from the first round, tried gamely until the final bell, but couldn't catch the elusive Pep.

The victory was No. 213 for Pep who turned pro back in 1940 when Kelley was a child.

Pep, who weighed 129½, to 132 for Kelley, was credited with every round by Judge Jim Carrig, 100-90. Referee Jim McCarron scored it 100-91, while Judge Joe Santapio had Willie in front 99-93.

# KO Specialists Due in TV Bout

CHICAGO (U—) A young kayo specialist, light heavyweight Jesse Bowdry, 20, St. Louis, tries for his 22nd victory in 24 pro starts against seasoned Clarence Hin-nant, Washington, D. C., in a 10-rounder tonight.

Bowdry, making his TV debut, has scored 18 knockouts since he turned pro 2½ years ago.

Both his defeats were by Sonny Ray, the last by a knockout in July. Since then, Bowdry scored four consecutive knockouts.

Hinnant, 25, eighth-ranked by the National Boxing Assn., packs a knockout punch too. He has scored 20 kayoes in 25 victories.

gle. Rookie right-hander Bob Shaw then kept the Yankees hitless 'til the eighth — when Yogi Berra rapped a change up into the right field stands for his second homer of the year.

## Commercial Circuit Ends in Deadlock

Four bowling teams ended in a tie for first place in the Commercial League of the City Bowling Assn. on the last night of regular-season rolling Tuesday.

Cudahy Packing Co., Kaufman Bargain Store, the Farm Bureau and Pennington Bakery ended with identical totals for season play.

Kaufman will roll against Cudahy an' Farm Bureau against Pennington at 7 p. m. Monday in a special playoff round.

The winners of those matches will roll for the championship at 7 p. m. Tuesday, and the losers of the Monday matches will roll at the same time to decide third and fourth places.

## Solved-Carpet Cleaning Problem

Research has developed the answer to carpet and upholstery cleaning with new Blue Lustre. It is safe for finest carpets whether wool or synthetics. The nap is left open and fluffy. Colors return to original beauty and lustre. Blue Lustre leaves no residue to cause rapid soiling. Clean entire carpet or just spots and traffic lanes with long handled brush. One half gallon of Blue Lustre concentrate cleans three 9x12 rugs.

CARPENTER'S HDWE.

# April Showers Bring Pain to Indian Chief

WASHINGTON (U—) April showers may bring May flowers but to Cleveland Manager Bobby Bragan they are a pain in the neck.

He has his ace left-hander, Herb Score, rested and ready to pitch but now has seen him rained out of two straight starting assignments. Score has not pitched since he shut out the Chicago White Sox last Wednesday.

The Indians' game with the Washington Senators' here Tuesday night was postponed by rain. It was to be the opening game of an 18-game tour of the east.

Score (2-1) still is the starting pitcher for tonight and will oppose the Senators' top pitcher, Pedro Ramos (2-0). Ray Narleski gets the call for Thursday night's game against Camillo Pascual, originally set to pitch Tuesday night for Washington.

Bragan is kicking himself for holding out Score from pitching in the opener of a scheduled double-header against Detroit's Tigers last Sunday in Cleveland. The Indians lost the first game, and the second contest was called because of rain.

The reason he bypassed the 24-year-old southpaw fireballer was that he figured Score would be more effective in the nightcap when it begins to become a little dim. But there was no second game.

## Phils Still Poison To Giants Outfit

SAN FRANCISCO (U—)The Philadelphia Phillies still spell big trouble for the Giants.

The Phils frequently made life miserable for the Giants in their old home at the Polo Grounds.

Tuesday, in the first Giant-Phil game since the team moved to San Francisco, the visitors bounced the Giants out of first place in the National League 7-4. Philadelphia left-hander Curt Simmons found the winds off the Pacific both a blessing and a handicap as he notched his first victory of the season.

IT'S SO EASY TO PLACE A WANT AD.

## 225th SALE NIGHT HOLSTEIN AUCTION

At our farm on U. S. 42, halfway between Delaware and Plain City, Ohio, 4 miles north of New California.

TUESDAY, MAY 6th

7:00 P. M. Lunch Available

75 HOLSTEIN COWS  
AND HEIFERS 75  
REGISTERED AND GRADES -- FRESH  
AND SPRINGERS

This offering will consist of both Canadian and American cows and heifers. Several classified Very Good and R.O.P. records over 600 lbs. The Canadian cows and heifers are bred to the Ontario Units, and a large majority of the American cows and heifers are carrying service to NOBA and COBA Sires.

10 first calf heifers.

The time has come when the Holstein Breeder and Dairyman, has to look further ahead than just production. We are convinced that the successful Dairyman must have foundation stock, as good cattle are the only kind he can afford to own under the present conditions. Due to the changing price conditions in the past two or three years, it has become a proven fact, that a good Holstein dairy cow is the most profitable investment a Farmer can make.

Calves sold separately and guaranteed one week. Four generation pedigrees and registration certificates furnished. State Laboratory tested and guaranteed 10 day negative retest. Nearly all are calfhod vaccinated.

95% calfhod vaccinated.

### FREE DELIVERY

All cattle delivered free within a radius of 150 miles, excepting baby calves, unless purchased with adult cattle.

Guaranteed to be as represented.

## Rules for Life Given to BPW

Former Teacher  
Addresses Club

Members of the Washington C. H. Business and Professional Women's Club were told "Don't Miss the Bus," by Glenn H. Isenberger of Springfield, who addressed the group at the monthly dinner meeting at the Country Club Tuesday night.

Isenberger, a school teacher for 45 years, is a member of the International Platform Assn. and the Ohioana Library Assn., combined humor and logic as he described life as a "bus ride" being taken by many different kinds of people.

He gave four rules for riding the "bus of life": (1) look ahead; (2) board the right bus; (3) have the right driver; (4) don't miss the bus.

He emphasized that "there is no time on the bus for smugness, complacency or self-satisfaction."

William Abernathy sang "Without a Song," "Because," and "Old Man River." Mrs. Ralph Yerian played the piano accompaniment.

Guests at the meeting were Mrs. Isenberger, Miss Isabel Reed and Miss Clara Belle Robinson.

Mrs. Norman Ralston introduced the two "Girls of the Month," Jo Peters and Marianne Mouser.

At the close of the program, Miss Marie Marchant, club president, presided at the short business session.

Members of the legislation committee, which arranged the program, are Mrs. Marian Smith, chairman; Miss Mildred Smith, co-chairman; Mrs. Beatrice Slagle; Mrs. Neil Helfrich; Mrs. Smith Mace; Miss Norma Dodd; Mrs. Floyd Mitchell; Miss Ilo Larimer; Mrs. Emma Roush and Mrs. Evelyn Snider.

## Nehru Asked To Take Vacation, but Not Quit

NEW DELHI (AP)—Leaders of India's ruling Congress party drafted a resolution today urging Prime Minister Nehru to take a holiday but remain as head of the government.

The party postponed an emergency session to consider Nehru's request that he be allowed to retire from office at least temporarily to take a rest.

The 68-year-old prime minister has led India continuously in its first 10 years of independence.

## Adult Volleyball Enthusiasts Sought

Approximately a dozen men have been turning out for the weekly adult volleyball program in the high school gym, but school Athletic Director Fred Domenico said he hopes "we can get enough more so we can get at least one league going."

The men's volleyball session will run from 8 to 10 p. n. tonight and each Wednesday. The program is designed particularly "to provide some outlet for men who would like to keep active in gym sports even though they are over school age."

Domenico said he expects some of his fellow teachers to join the core group of a dozen who have been turning out so far. He emphasized that there is room for more, and that anyone is welcome.

Five dollars and costs was the fine levied by Judge Dice on the following speeders, all of whom pleaded guilty: John T. Pietrzak, 37, Dayton, whose fine was suspended; Mary E. Fryer, 33, Mt. Sterling; and Marjorie Hill, 35, Williamsport.

Forfeiting bonds when they failed to appear on charges of speeding were: William S. Starr, 26, Route 6, \$15; Harold F. Corn, 53, Dayton, \$20; Samuel M. Kitchin, 33, Indiana, \$20; George H. Whitlock, 45, Columbus, \$20; and Charles M. Coll, 42, of 322 Madison Ave., \$15.

Delegates and alternates from St. Andrew's Episcopal Church Women's Auxiliary who attended the two-day annual meeting of the Women's Auxiliary to the Episcopal Church of Southern Ohio in Christ Church in Cincinnati Tuesday and Wednesday are Mrs. Roger Hoffman, Mrs. Richard Patton, Mrs. Carl Willett, Mrs. Donis D. Patterson and Mrs. Paul Dougherty. Mrs. Patton, Mrs. Patterson and Mrs. Dougherty returned Tuesday night and Mrs. Hoffman and Mrs. Willett will return Wednesday night.

Denise Ardene is the name chosen by Mr. and Mrs. Esto Halthcock Sr., 921 John St., for their daughter born in Memorial Hospital Tuesday.

Miss Beverly Evans, a senior at Bloomingburg High School, has been accepted as a student in the School of Nursing at Mt. Carmel Hospital, Columbus. She will start her studies Sept. 1.

Mrs. and Mrs. Earl Starkey, 304 Van Deman Ave., have chosen the name Helen Louise for their daughter born in Memorial Hospital last Tuesday.

Mrs. Robert Green, 221 N. North St., Washington C. H. swimming teacher, will take part in a "Synchronized Swimming" program Thursday and Friday nights at the Columbus YWCA. In rehearsals most of the winter, the program will feature a variety of water ballet acts and aquatic specialty numbers.

## Reckless Driving Charge Dismissed

A reckless operation case against Walter A. Baker, 39, Cincinnati, was heard in Municipal Court Tuesday, with Baker being found not guilty of the charge.

Judge Max C. Dice ruled that the charge against Baker, stemming from an accident Feb. 7 when cars driven by Baker and James M. Harper, 20, State Route 70, collided was dismissed. Harper, whose car was a total wreck, filed the affidavit for the arrest of Baker.

Eight speeding cases, including five bond forfeitures, were on the court records Wednesday.

Five dollars and costs was the fine levied by Judge Dice on the following speeders, all of whom pleaded guilty: John T. Pietrzak, 37, Dayton, whose fine was suspended; Mary E. Fryer, 33, Mt. Sterling; and Marjorie Hill, 35, Williamsport.

Forfeiting bonds when they failed to appear on charges of speeding were: William S. Starr, 26, Route 6, \$15; Harold F. Corn, 53, Dayton, \$20; Samuel M. Kitchin, 33, Indiana, \$20; George H. Whitlock, 45, Columbus, \$20; and Charles M. Coll, 42, of 322 Madison Ave., \$15.

Delegates and alternates from St. Andrew's Episcopal Church Women's Auxiliary who attended the two-day annual meeting of the Women's Auxiliary to the Episcopal Church of Southern Ohio in Christ Church in Cincinnati Tuesday and Wednesday are Mrs. Roger Hoffman, Mrs. Richard Patton, Mrs. Carl Willett, Mrs. Donis D. Patterson and Mrs. Paul Dougherty. Mrs. Patton, Mrs. Patterson and Mrs. Dougherty returned Tuesday night and Mrs. Hoffman and Mrs. Willett will return Wednesday night.

Denise Ardene is the name chosen by Mr. and Mrs. Esto Halthcock Sr., 921 John St., for their daughter born in Memorial Hospital Tuesday.

Miss Beverly Evans, a senior at Bloomingburg High School, has been accepted as a student in the School of Nursing at Mt. Carmel Hospital, Columbus. She will start her studies Sept. 1.

Mrs. and Mrs. Earl Starkey, 304 Van Deman Ave., have chosen the name Helen Louise for their daughter born in Memorial Hospital last Tuesday.

Mrs. Robert Green, 221 N. North St., Washington C. H. swimming teacher, will take part in a "Synchronized Swimming" program Thursday and Friday nights at the Columbus YWCA. In rehearsals most of the winter, the program will feature a variety of water ballet acts and aquatic specialty numbers.
